

Classic™

Burns & Scar Management Training
With Jobskin Ltd, Long Eaton, Nottingham

Jobskin®
designed around you

www.jobskin.co.uk

- **6th April 2022**
- **5th October 2022**

Jobskin® would like to invite you to join us on one of our training workshops on assessment and measuring for our Classic™ range of pressure garments for burns & scar management.

The workshop is delivered by our experienced Product Manager, Debra Wright.

Courses are free for registered clinicians practicing in the field of burns and scar management. Lunch and refreshments are provided.

Classic™ Measuring Workshop

This will be an inspiring full day training workshop focusing on the Classic™ range of pressure garments and will enable delegates to increase their working knowledge in the management of problem scarring using pressure therapy. A basic knowledge of scar management and pressure therapy is required.

Delegates will have the opportunity to practice measuring techniques with supervision from our therapy specialist. Each delegate will be provided with a comprehensive training manual and the necessary paperwork and equipment to support the learning objectives.

Learning Objectives

- The role of pressure therapy as a treatment modality in scar management.
- How to assess if a patient is a good candidate for pressure therapy.
- Evidence and clinical reasoning behind using pressure therapy.
- Gain assessment, measuring and treatment skills that can be used within your clinical setting.
- Confidence in measuring techniques for Classic™ garments.
- How to customize a garment using the modifications available to the individual needs of the patient.
- Knowledge of silicone gel options in combination with pressure garments.

Debra Wright – Product Manager

Therapy Specialist with Jobskin® for over 16 years, Debbie provides advice and support to clinicians and assistance with complex patients in the specialist area of **Burns and Scar management**, and responsible for training healthcare professionals on all aspects of the measuring and fitting of custom made compression garments and Silicone gel therapy. Debbie has vast experience working with burn specialists globally and servicing users and distributors in many countries including Europe and the Middle East. Delivering presentations at many international exhibitions on all aspects of **Burns and Scar Management** and expanding knowledge regarding the needs of burn patients as well as product development with our R&D team at Jobskin.
