

Placement Pad for Silon-TEX® II inserts, Pads, Pockets or Inset Zippers Paediatric

Please use this pad to mark the placement of **Silon-TEX® II inserts, PADS, POCKETS** or **Inset Zippers**. Please follow the instructions for download and completion.

IMPORTANT: Please include measurements for all customisations, including size and position with exact details to ensure correct placement.

You can use anatomical points and give size and position, e.g. ulnar, radial, dorsal, volar, lateral or medial, etc.

1. Ensure you download the PDF file before editing it to avoid file corruption or loss
2. Complete the date and patient details on each edited page
3. Indicate which customisation is required, i.e. add a pocket, add silicone fabric, foam to be inserted here
4. Give clear and concise but exacting details for all additions to garments, you may also include photographs with your order if you feel this will be useful
5. Please indicate thickness of padding as well as dimensions and position
6. When adding Silon-TEX® II inserts, consider zips and openings to make donning and doffing possible. It is recommended to insert Silon-TEX II® into small areas only.

When completed, please click: customerservice@jobskin.co.uk to email your electronic order form
